

LIVING TOGETHER AT KORALIA

Sharing the space

Please be considerate of other guests and help keep our shared spaces welcoming for everyone. A pleasant stay begins with mutual respect and a spirit of sharing.

Fresh air

Smoking is not permitted anywhere inside the house or in the bedrooms.

If you smoke outdoors, please use a closed container or bag for cigarette butts and dispose of them safely in the outdoor bins once they are **completely extinguished**.

Keeping things peaceful

After **11:00 pm**, please keep music and TV volumes low.

Thank you for respecting the sleep and quiet of your neighbours and fellow guests.

The shared kitchen

Please leave the kitchen clean after use :

Dishes: Wash, dry and put everything away.

Dishwasher : If it's full, please start a cycle

Empty it when it's clean and put everything back in the cupboards

Fridge : Use the coloured storage boxes provided and respect food belonging to other guests.

Coffee machine : Allow the machine to preheat and complete its automatic cleaning cycle. If you drink a lot of coffee, we appreciate you bringing your own coffee beans

Recycling & rubbish : Please sort your waste. Take full bins outside when needed. Household waste is collected on **Tuesday mornings**.

Lights

Please switch off lights when leaving a room.

During the day, open curtains and blinds to let natural light in.

In the lounge, use the power strip switch (to the right of the TV) to turn the TV area on or off.

Why these guidelines ?

Koralia offers more than a private room. It combines the comfort of your own space with generous shared areas designed for cooking, relaxing and meeting other travellers—if you wish. These simple guidelines help everyone enjoy the house in a calm, comfortable atmosphere.

Please make sure this style of stay suits you before you arrive.

Thank you for helping make Koralia a welcoming place for everyone!
